

# **Botanical Safety Consortium (BSC) Annual (Virtual) Meeting 2020**

## **Introductions & Objectives**

Michelle Embry

Associate Director, Health and Environmental Sciences Institute (HESI)

29 May 2020

**BOTANICAL  
SAFETY CONSORTIUM**

# Meeting Objectives

---

- Provide information on the structure, mission, objectives, and strategy of the BSC
- Share an overview of the current Technical Working Group (TWG) plans
- Recruit new BSC stakeholders
- Solicit input into current scientific challenges and opportunities related to botanical dietary ingredient safety

# Today's Agenda

-  9:00 Introductions & objectives
-  9:15 Botanical Safety: Discovering common struggles, needs, & solutions
-  9:35 The BSC as a public-private partnership
-  10:05 Research on botanical safety at the National Toxicology Program
-  10:25 The modernization of FDA's dietary supplement program
-  10:45 A day in the life of a BSC Technical Working Group
-  11:15 Botanical ingredient characterization; a tale of more than 1001 compounds
-  11:45 Conclusions
-  12:00 Discussion & questions

**Adjourn at  
12:45**

# Logistics

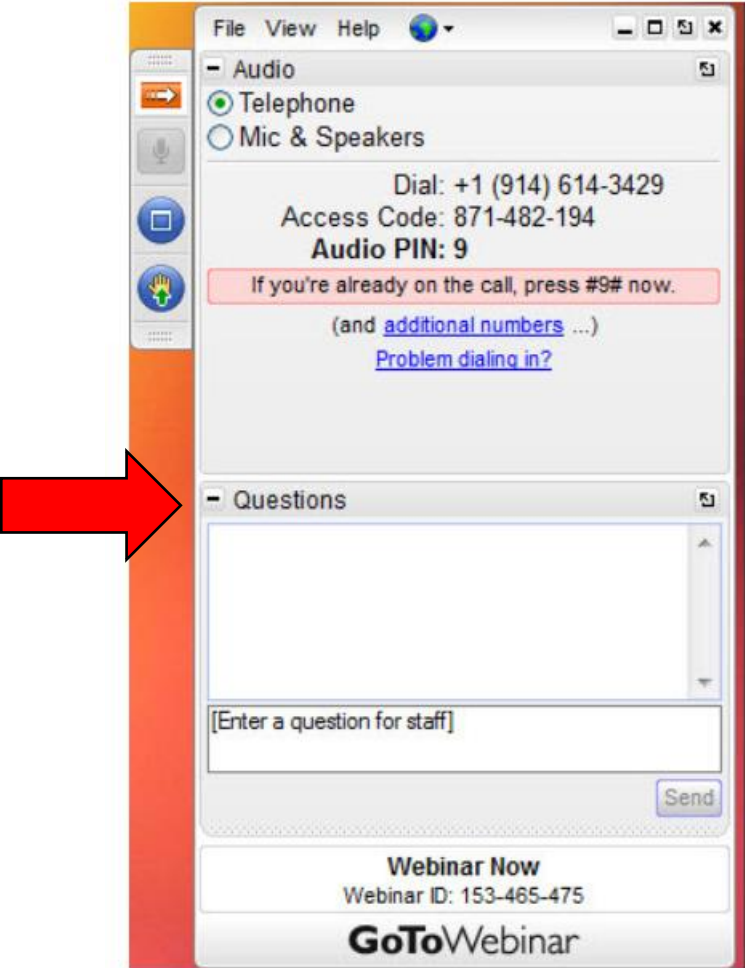

---

- The entire meeting will be recorded and made available via the BSC website
- PDFs of the slides will be made available via the BSC website
- All participants other than the speakers are muted; questions should be typed in using the Question Box in the Control Panel
- We will have ~5 minutes after each presentation for clarifying questions
- There is time at the end of the meeting for more discussion and additional questions
- If you have trouble during the webinar, please email Michelle Embry ([membry@hesiglobal.org](mailto:membry@hesiglobal.org))
